NICKNAME

OPERATIONS

To provide required medical service support for the assigned and attached personnel of the 103rd Tactical Fighter Group. Complete physical examinations are performed, including flight physicals, in the well equipped dispensary located in the Operations & Training Building. Immunizations are kept current through a monthly immunization program. The veterinary

section maintains a constant check on the quality of foods and its preparation in the dining hall.

103rd Medical Group: Federalized ANG on 2 Mar 1951 at Brainard Field, CT, and assigned to the 103rd Fighter Interceptor Wing; moved to Suffolk County AFB, NY, by 1 Jun 1951; inactivated on 6 Feb 1952.
