Provide procurement, issue, and transportation services to the 140<sup>th</sup> Wing, Colorado National Guard, and the Department of Defense in order to meet the needs of our community, state, and nation.

The 140<sup>th</sup> Logistics Readiness Squadron operates in various locations throughout the base and is made up of several flights. The fuels management flight is responsible for storing and issuing

millions of gallons of aviation fuel annually to the 120<sup>th</sup> Fighter Squadron. The Resource Control Center, a 24-hour operation, maintains command and control of all fuels assets. The Materiel Management Flight provides 24-hour, 7-day-a-week customer service and supply support to the 140<sup>th</sup> Wing supply account. The 140<sup>th</sup> Logistics Readiness Squadron also maintains 140<sup>th</sup> Wing's F-16 mobility readiness spares packages. The readiness flight is responsible for ensuring the 140<sup>th</sup> Wing is a deployable entity for the Combat Air Force.
