OPERATIONS

2009 Refueling Wing's services and military support flights stood before their respective commanders for the last time in Lincoln, Nov. 14, as they prepared to combine into a single force support squadron. During the 20-minute ceremony, the two commanders relinquished command of their affected flights and retired their flags. Then the commander of what had

been the 155th Mission Support Flight took command of the new combined 155th Force Support Squadron by accepting the consolidated organization's new flag from Col Richard Evans, wing commander. Both flights, which had been standing in separate formations, were then physically combined, weaving both together as a single formation. Capt. Pamela Geistlinger, new 155th FSS commander, then took a few minutes to address the members of newly formed unit.
