## **OPERATIONS**

The 206 Weather Flight was reorganized on 1 August 1969. This reorganization resulted in an increase in authorized strength from 2 officers and 4 airmen to 3 officers and 15 airmen.

The 206 Weather Flight attended field training 10 Aug. 68-24 Aug 68 at Myrtle Beach AFB, SC. This type of training is quite valuable since personnel have an opportunity to work with their counterparts and receive training in the operation of a Weather Flight on an Air Force Base. Unit attended annual training at Fort Stewart, Ga., during the period 6-20 July 1969 and at Pope AFB, NC during the period 30 May 1970-13 June 1970.
