## OPERATIONS

The principal change on the Field in general were ones of organization. Specialization had been discernible on the Field for some time, but a far- reaching General Order on 1 March 1943 brought the trend to full realization. By this Order, and supplementary Special Orders, the 19th, 20th, and 21st Academic Sqdns, united as the 7th Academic Group, were activated for instructors.

Further specialization occurred in the spring and summer of 1943 with the setting up of a Shipping and Receiving Center for meeting and dispatching students, its functions being divided among the 21st Academic Squadron and the 11th and 560th Technical School Squadrons.
