NICKNAME

OPERATIONS

The commander, 21st SCS, is responsible for operations, maintenance, programming and implementation of command, control, communications, computer and visual information systems in support of the Peterson Complex. In addition, they provide electronic–meteorological services to Cheyenne Mountain Air Force Station, the U.S. Air Force Academy and Fort Carson.

The mission of the 21st Space Communications Squadron is to provide quality communication systems and services to the 21st SW and its units worldwide. This includes equipping, administering, training and providing personnel to operate and maintain ground communications, electronics and computer systems and facilities in support of North American Aerospace Defense Command, U.S. Northern Command, Air Force Space Command, Army Space Command, the 21st SW and many other Peterson Complex units.
