EMBLEM

2068 Communications Squadron emblem

2068 Communications Squadron emblem: Blue and yellow are the Air Force colors. Blue alludes to the sky, the primary theater of operations for the Air Force. Yellow refers to the sun and the excellence required of Air Force personnel. The thirteen red and white stripes and blue field represent the nation's original colonies. The winged dagger symbolizes the mission of the unit, that of support of the 1st Special Operations Wing. The globe and lightning bolt represent worldwide communications. The star is symbolic of space and refers to the infinite limits of support provided. The four points of the star represent the four functions of the unit—operations, maintenance, plans and programs, and air traffic control.
