### EMBLEM

Blue and yellow are the Air Force colors. Blue alludes to the sky, the primary theater of Air Force operations. Yellow refers to the sun and the excellence required of Air Force personnel. The silver

and yellow rings represent the links of the chain of information, with the central "golden" link depicting the reliable communications systems support given by the organization. The two silver links, which are connected by the "golden" link, represent the many different organizations that are "linked" together by this unit's support. The red and white lightning bolt depicts the speed and accuracy with which information is transmitted. The red and white of the lightning bolt exemplifies the dedication, integrity, and loyalty of the personnel.
