OPERATIONS

1988 1 July ATC replaced the Systems Support Activity, in operation at Keesler since 1985, with the newly-activated 3302d Technical Training Squadron. The squadron reported to the Keesler Technical Training Center until 1 November 1988, when Air Training Command reassigned it as a direct reporting unit of HQ ATC. Officials believed this change would make it easier for the 3302d to provide computer-based instruction assistance to all the centers.

3300th Training Support Group. The command activated the 3300th Training Support Group at Randolph AFB, Texas, on 1 October and assigned it to HQ ATC. At the same time, ATC

reassigned nine of its direct reporting units to the 3300th: the 3302d Technical Training Squadron, the 3303d Contracting Squadron, the 3304th School Squadron (ATC NCO Academy), the 3305th School Squadron, the 3507th Airman Classification Squadron, the 3306th Training Development and Evaluation Squadron, the USAF Occupational Measurement Squadron (formerly a center), the 3307th Test and Evaluation Squadron (Acquisition Management), and the 3308th Technical Training Squadron (Advisory). 1990
