

## **USAF CLINIC, PETERSEN**

Cheyenne Mountain Support Group (7 Nov 1986-15 May 1992)

USAF Clinic, Peterson (21 Nov 1986-15 May 1992)

The USAF Clinic Peterson, which is assigned to the 3rd Space Support Wing, is located in Bldg. 959. Health care providers staff a modern, well-equipped medical and dental facility that provides outpatient care for active duty, retired military and dependents.

The clinic does not have an emergency room. It does offer extended hour appointments from 4:30 to 6 p.m. each weekday. These appointments are in addition to the regular 7:15 a.m. to 4:30 p.m. appointments in primary care and ambulatory care clinics. Appointments for optometry, gynecology and other clinics end at 4:30 p.m.

Acute, same-day appointments can be made during the day and night. These are appointments for ailments that suddenly occur and require early attention. Routine appointments also are available.

Here are the numbers for appointments: active-duty patients, 554-4200; active-duty dependents, 554-6470; retirees and others, 554-7425. The number for cancellations and long distance appointments outside the Colorado Springs area is 554-8057.
