THE AIR FORCE FILM LIBRARY

The Far East Air Force Film Library is one of two film libraries Air Force-wide under the Air Photographic and Charting Service.

The film library is headquarters for all AF film distribution in the Far East and has technical supervision over 10 base libraries.

Films distributed by the Tachi center include those on training, various types of orientation and many other AF produced and contracted films. The office also provides audio-visual consultation services to units in the Far East.
