NICKNAME

OPERATIONS

The Air Force Frequency Management Agency plans, provides and preserves access to the electromagnetic spectrum for Air Force and selected DoD activities in support of national policy objectives, systems development and global operations. They develop and implement spectrum guidelines and instructions to support the Air Force mission; coordinate actions to resolve spectrum interference incidents involving DoD, private sector, federal, and international users; and are instrumental in formulating and articulating the U.S. position at World Radio Conferences. They coordinate orbital locations and spectrum needs for DoD satellites at the international level and provide functional management for the spectrum management career field. They also chair the Interservice Advisory Committee, responsible for overseeing joint spectrum management training courses at Keesler AFB, MS.

Air Force Order of Battle
