

41 RESCUE GENERATION SQUADRON

MISSION

The 41 Rescue Generation Squadron is responsible for the planning, scheduling, and direction of preventive, scheduled, and unscheduled maintenance while performing inspections, servicing, and launch and recovery actions to maintain mission-ready status of the HH-60W Jolly Green II combat search and rescue aircraft. The 41st RGS personnel also rapidly generate, mobilize, deploy, and employ forces to provide combat and peacetime search and rescue operations in support of U.S. national security interests.
